Alan,

Regarding that downtown parking and dining plan that you are trying to shovel down this town's throat so you can move forward with the Ports-O-Call development you are involved in... I would like to know what accommodations are going to be made for Mr Eisenburg's Cabrillo Hotel property - specifically the problem that occur each time the building vomits up the contents of one of his vacating tenants into the alley that you plan to make into a pedestrian walkway.

I didn't see any accommodations for the Renaissance Dump™ on the street plan ???

Bruce Ecker
